Dear Sir/Madam:

This is in regards to the above noted Patent Application.

1. An office action was received dated October 13, 2009. Deadline was January 13, 2010
2. On December 21, 2009 we responded to office action. A copy is attached. This was filed timely. A copy of the USPTO Fax Transmission dated December 21st is also attached.
3. We do now note there was a typo in the serial number on the response but this was an unintentional clerical error and we were never contacted by USPTO to advise that there was a problem locating the file.
3. A replacement Power of Attorney was filed appointing ourselves.
4. On November 24, 2010, we received a Notice of Acceptance of Power of Attorney.
5. Apparently this application was abandoned in May 2010, however we have not received any Notice of Abandonment and since we received the Notice of Acceptance of Power of Attorney in November 2010, we believed this application was in good standing.

Re: US. App. 10/597,680

6. Enclosed is the USPTO form PTO/SB/64 which includes the statement of unintentional delay.

Please reinstate the above noted application, we apologize for the inadvertent errors which were unintentional. The entire delay was unintentional.

A money order for \$810 (small entity) re-instatement fee was previously submitted on September 19, 2011 (copy enclosed)

Sincerely,
